

Faculty of Engineering Examiners-Moderators appointment guidelines and information [Prepared by the EUGS Division]

1. Appointment of examiners and moderators must happen prior to the commencement of a semester and should be submitted to the EUGS division within the third week of a new semester for Faculty Board, Senate and Council approval [the process usually takes 3 months].
2. The students [including repeat] will be given 4 weeks for module enrollment. [2 weeks before the commencement of semester and 2 weeks of add-drop period]. Decision on module offering should be finalized within the first week of the semester and should be informed all the enrolled students.
3. It is a must to have a Coordinating Examiner and a Moderator for each module [and there can be additional Examiner(s), as required.
4. The Coordinating Examiner and Moderator must be permanent internal staff members.
5. The Moderator must be a Senior Lecturer with the relevant subject expertise. [In the absence of Senior Lecturers in a department, the Head of Department or a confirmed lecturer with postgraduate qualifications shall be appointed as the moderator].
6. Departments must appoint Senior Lecturers or above as examiners for Semesters 7 and Semester 8 [final year] modules.
7. Lecturers on contract or visiting must have equivalent qualifications to the internal examiner appointment requirements.

8. The semester coordinators, in consultation with the relevant examiners, moderators, and the HoD, shall make the appointments of examiners and moderators through the LearnOrg system [LMS]. The manual form should be used only for amendments or discontinued modules.
9. The department shall ensure that the internal academic staff member details appear on all documentation are accurate and up-to-date, before submitting for the Senate approval.
10. All visiting staff [intended to be nominated as examiners] should be finalized in advance to appear their information correctly on the system. If not, the department should take necessary corrective action, prior to submitting their names as examiners.
11. Only the Coordinating Examiner will be permitted to insert marks to the system and displaying the provisional-results to students and submitting for moderation, will be his/her responsibility.
12. The Moderator shall be responsible for moderating the marks and submitting to the Examinations Division adhering to the deadlines enforced by the Faculty.

To access the Learning Management Systems (LMS) of the University of Moratuwa, users are required to navigate to the following URL: https://lms.uom.lk/login_index.php.

In order to gain access to the systems, users are mandated to input the assigned username and password, as illustrated in Figure 1 below:

LearnOrg
University Of Moratuwa

University of Moratuwa, Sri Lanka

Learning Organizer
One User Account for All :

You can access **LearnOrg, Moodle, Document Management System, UoM e-mail, UoM Common Wifi and Library Journal Accessing Proxy(cache2.uom.lk)** systems using your unique Username and the Password through our centralized authentication system.

All the students can access their UoM emails (123456X@uom.lk) through webmail.uom.lk. Your UoM email address will be your registration number (before 19 batch) or namewithinitials.yourbatch (19 batch onwards) and those who access the UoM emails first time, you have to change the defaults password through LearnOrg.

We have successfully integrated **SMS** facility with University MIS platform. As an initial step, you will receive your temporary password to your mobile for 'Forgot my Password' feature. So, please **update your Profile** details through 'Edit Profile' option.

BScEngHons Eng-CHENG Intake 2020 New BSc Eng. Semester - 5 Go

Figure 3: interface for users can select the appropriate options.

1. In order to locate the desired Academic member, users can utilize the search function by entering the surname of the individual. in Figure 4
2. Following the identification of the Academic member, users can proceed to click on the appropriate button, whether it is for assigning them as an examiner or a moderator.
3. When it comes to updating the class limits, the following guidelines must be adhered to:
4. If the course is considered compulsory, there should be no class limit specified.
5. If the course is categorized as a faculty elective (FE), users have the flexibility to modify the class limit.
6. If the course is considered a department elective (EE), users also have the option to update the class limit.
7. In cases where the course is a faculty elective and not offered to department students, a selected checkbox will be displayed. Users are required to uncheck this checkbox, as demonstrated in Figure 5.
8. Failure to uncheck the said checkbox implies that the course is being offered to department students as well, as demonstrated in Figure 5.
