## Transferring All Students to Level 6 (Temporary Step)

**Important Note:** *Not all students progress to the next level simultaneously. Use "Level 6" as a **temporary supportive level** to avoid potential inconsistencies or system conflicts.*

1. Select "**Level 6**" from the **Transfer all Students to different level** dropdown.
2. Click on the "**Transfer All**" button.

All students will be moved to **Level 6** while keeping their **current academic year** unchanged.

## Transferring Students to the Correct Academic Year

1. In the **Student Academic Admin** interface (see Figure 3), search for students who are currently at **Level 6** with their current academic year.
2. From the **Transfer all Students to different academic year** dropdown, select the **correct academic year**.
3. Click on the "**Transfer All**" button.

Students will now be assigned to the **correct academic year**, while still remaining at **Level 6**.

## Transferring Students to the Correct Level

1. Again, use the dropdowns in the **Student Academic Admin** interface to search for students with the **updated academic year** and **Level 6**.
2. From the **Transfer all Students to different level** dropdown, select the **correct level**.
3. Click on the "**Transfer All**" button.

Students will now be fully transferred to the **correct academic year and correct level**.

## Final Verification

To ensure the transfer process is completed correctly:

- Use the dropdown filters in **Figure 3** to search for students with the updated academic year and level.
